The Mrs. C. Becker, who won the Blue Jean Sweepstakes, held at the Harbor was told Monday.

Mrs. C. Becker, who won the sweepstakes, is an energetic and capable woman. She is a recent trip to that country. The colorful headpiece had a brimma hem with giant spears of red and yellow came lilies climbing up the 12 in. crown.

Small hat and entrance prize winner was Mrs. G. Robinson in a magenta and leaf design with a matching corsage.

Mrs. J. Rousseau won the blue ribbon in the large hat division. She chose a black bolero with a circle of red geraniums and foliage.

Trophy for the most original hat went to Mrs. James Ross with a cherry red bowler, white flowered.

Mrs. A. Moule has won the comic class ribbon with a refrigerator entry. This creation was composed of a lighter bodied a brilliant pink with a wreath of flowers slipped over one eye, and a sea green fishing hat with hauled shrimp, crab and a sandfish swimming around the beam.

Among the noteworthy numbers created by this ingenious group of women was a mod hat and spoolie bonnet, complete with knife and fork to consuming purposes, worn by Mrs. J. Saleeby. Mrs. Horace Ross wore a stunning number with a Parisian accent. It was made of pearl clipped iris leaves and a crown of blue by diamond blooms.

Others spotted vegetable and tang hat themes.

## Victor Carver Rounds Up Biggest Flounder Fri. Nite

Dozens of local and visiting fishing enthusiasts braced the chilly wind and cold water last Friday night in the Legion's unique Flounder Roundup.

Flounder fishing could be observed from any point the entire length of the Hancock County Seawall as the fishers added in search of that big one to win first prize.

Fresh northeast wind was blamed by many for their failures in spearing the flat fish. However, many of the contestants found sheltered areas and brought in several fine strings of flounders.

First Prize in the Roundup went to Victor Carver. Others winning prizes were in the following order: Ben Estepa, John Dumbosno, Chris Dehou, Raymond Brown, Warren Tomasiach and Henry Thornton.

The "Couple" awards were won by Earl and Louise Estepa, first, and Warren Tomasiach and Rita Tillman, second.

The Prizes were presented to the winners by Mayor John Seafide. All prizes were paid in cash by the Clerk, R. Bontemps Post 139.

Judges in the Roundup were Val Hagan, Judge Nolin Rhodes, Judge M. D. (Pat) Rutherford and L. S. (Doc) Elliott.

All flounders submitted for prizes were checked at LaBrea's Seafood Market and then presented to the King's Daughters Hospital.

"Through the medium of your good newspaper, the citizens of your county were made aware of the urgent need for funds.

"Thank you for the valuable public service you rendered in giving such generous support to the March of Dimes Campaign."

The state health office stated that 3,570 2nd grade school children in 3 Mississippi counties, Hinds, Jones and Warren, have already received the second dose of polio trial vaccine, which was developed by Dr. Jonas E. Salk of the University of Pittsburgh, and paid for with March of Dimes money. The third and final shot will be given the first week in June.

## To Be Discussed At Meeting Monday Nite At City Hall

An offer to stop two trains that now pass through Bay St. Louis without stopping was made by the L & N railroad Monday, Mayor John Seafide told the Eagle yesterday.

The Mayor said he received a long distance telephone call Monday from Clifford Coomes, Assistant Solicitor General of the L & N Railway. Coomes said he had been authorized to offer the services of trains 6 (the Hummingbird) and 37 for passenger service in Bay St. Louis for a trial period of six months.

Records would be kept of service given by these trains during that interval, the Mayor explained, and if these records proved the railroad justified in continuing the service it would become part of the regular schedule.

If this proposition is accepted by the community, the Railroad would expect the proposed hearing in which they are to be cited by City officials before the Public Service Commission to be withdrawn.

A public meeting of Hancock County citizens will be held at 8 p.m. Monday night to discuss the compromise proposal. The City Council requests the voice of the people in this important decision, the Mayor said, and all citizens were urged to be present Monday night.

## Mrs. del Carmen Tells of Confiscation of Guatemalan Plantation This Week By Communists

Mrs. John del Carmen related to the EAGLE this week the story of our country they desired. Immunity of property under cultivation was promised ultimately led to the seizure of these plantations, in our little Republic.

This is her story:

We own large coffee and banana plantations in the northern part of Guatemala, near the Mexican Border. My husband and his brothers manage and run them.

Hundreds of laborers are employed by such enterprises, and they are mostly loyal workers who will work and fight for their employers.

My husband, myself and our six children, five daughters and one son, made our home and were happy on one of these plantations, in our little Republic.

Several years ago began the communist infiltration. They worked their way into Government, and took that

over. They took over everything in our country they desired. Immunity of property under cultivation was promised ultimately led to the seizure of these plantations, in our little Republic.

Violence began to flare up among the people. I no longer felt that I could rear my children in a safe and happy environment, so nearly three years ago, I came to this country with my children.

Of necessity my husband became a commuter between the United States and Guatemala, flying here as often as possible to be with us, and returning because of business to our native land.

In this little city of Bay St. Louis we found peace and happiness, and a safe life for our children. These things we desired for them as the natural heritage of God.

Our children have attended school here, and I have been happy teaching French in the local convent.

Tuesday of this week my husband, on this trip.

who had come here for the gratulation from high school of our daughters, received an urgent message from his brother. The communists had confiscated our plantations.

They came in hordes with weapons. Violence and struggle were bitter and bloody between these men and the loyal workers of our lands.

Today my husband must fly back and try to salvage what is ours by all rights.

The picture is very black in Guatemala. Even the Sacred Scriptures of the Church have fallen before this ruthless form of tyranny.

No longer is there peace or any prospect of it in our land.

I am proud to say that I and my children are residents of Bay St. Louis. Here the kindness and friendliness of the people have opened a new vista for us. Here we intend to remain. When my husband returns, I will give you the details of his findings.

## City Fathers Purchase New Garbage Disposal Truck

The City Fathers are pointing with pride to the newly acquired Leach Packmaster Garbage Disposal Truck.

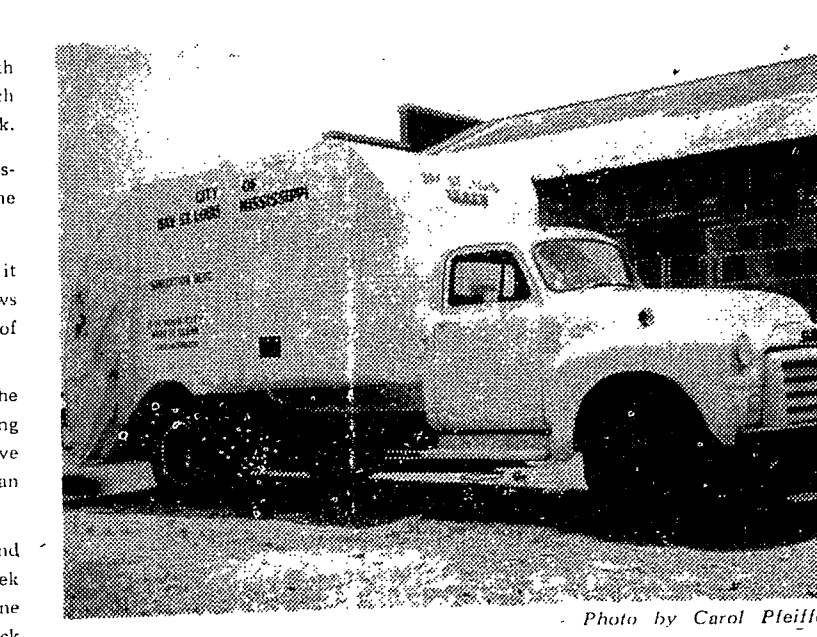

Gleaming white, this 12 cu. yd. disposal unit will greatly facilitate the garbage collection of the city.

In addition to the large quantity it will hold, the closed disposal allows no dumping along the streets of trash that has been collected.

It can be filled to capacity with the assurance of arriving at dumping grounds without stopping to retrieve trash that manages to escape from an open bodied vehicle.

Commissioners Cyril Glover and Sylvan Linder made the trip last week to Oshkosh, Wis., to pick up this fine piece of equipment and drive it back to Bay St. Louis.

The Leach Co., well known for creating the latest designs in garbage disposal bodies, mounted the body on

A GMC truck. Painted white, with black lettering on the side, the new truck will be a boon to workmen and citizens of the town.

Another fine piece of equipment has been purchased by the city, a bulldozer with cutting blade and grass mower attached to it, will make easier the job of keeping streets and ditches in good condition.

## SPORTS VIEWS and REVIEWS

BY CHRISTOPHER BELL

This Friday night A. J. Peterson, Terrell Randolph, Robert Bing and John Peterson, members of the Bay St. Louis Amateur Boxing Team, will again lend their services again to charity as they journey to Pascagoula to box in a benefit match.

June 11 the complete Bay boxing team will box in Mobile with the Alabama team as they will have a triangular meet with New Orleans and Pensacola.

The Waveland Juniors won their first game of the season as they topped the Kiln Juniors 12-1 Sunday at the Kiln Youth Center ball field.

Waveland hurler Pete Ladner held the Kiln Team to one hit in the seven inning contest which saw Kiln send two pitchers to the mound, Larry Ladner and Leland Mitchell.

This evening Waveland's record for the season, 1-1, and also even Kiln's record.

The Bay Seniors fell victim to 12 big errors and blew an easy game as St. Rose de Lima rallied in the late innings to take a 8-7 win in the tenth inning in a baseball contest last Sunday.

Trailing 1-0 going into the fourth, St. Rose de Lima's CYO scored three, but in the fifth the Seniors collected three of their four hits and along with some walks and errors scored five times to take a 6-3 lead.

But scoring twice in the next two innings, the CYO came up to a 6-5 score. Then in the eighth inning they

went ahead 7-6 as they scored two runs on outfield hits which should have been outs.

But the Seniors had fate alongside and Tartavouille's easy fly to center was dropped and he worked himself into extra innings.

St. Rose de Lima took the game 8-7 in the tenth as Oswald Talbert slammed one past the Senior's left fielder with a runner on second base.

The Seniors now have an even 4-4 record, to St. Rose de Lima's four wins without a setback.

SENIORS EDGED BY ST ROSE DE LIMA 8-7 IN EXTRA INNING

The Bay Seniors lost their fourth game of the season Sunday as they blew a three run lead and lost an extra-inning contest 8-7 to St. Rose de Lima.

The Seniors tallied one run in the opening frame as Christopher Bell walked and was sent to third on two passed balls. Charles Tartavouille then sent Bell home in a squeeze play.

Tartavouille and Carr held out to a pitcher's duel until the fourth when St. Rose de Lima CYO put together three singles, two walks and an error to score three runs and take a 3-1 lead.

The Seniors came back and combined singles by Bell, Taylor and Bing plus walks and errors to tally five runs, take a 6-3 lead and send Carr off the mound, with Dewey replacing him.

The CYO scored one run apiece in the following two runs but still trailed 6-5 with two innings left. In the eighth they scored two unearned runs to take a 7-6 lead.

In the first of the ninth, Tartavouille got on on an error and with two men down, scored the tying run on a wild throw to third.

Billy Taylor, who had replaced Tartavouille in the eighth, held the CYO scoreless in their part of the ninth and the game went into extra innings.

The Seniors failed to tally in the first of the tenth. In the last half of the stanza, two CYO batters got on on errors and Oswald Talbert walloped the ball into left field to score a runner from second.

They Bay Seniors now have a 4-4

## A. Scafide, E. Brechtel Share Future Honors

Alice Scafide and Elodie Brechtel share honors in their forthcoming Senior year. These two girls have obtained the highest positions at S.J.A., that of Prefect and Vice Prefect of Our Lady's Sodality.

Both will represent St. Joseph at Girls State, which is to be held in Jackson, June 26-July 2. Following the qualifications set down for Girls State, they were chosen for leadership, character, honesty, scholarship, cooperativeness and physical fitness. Elodie and Alice also are the newly elected Editor and Assistant Editor, respectively, of the Sea Sprite for the year '54-'55.

Alice Scafide, better known as "Doodie," is the daughter of Mayor and Mrs. John A. Scafide. During her nine years at St. Joseph she has captured the highest honors offered, as well as, maintained fine scholastic standing. As proof of her outstanding qualities she served as president of her class for three years and has been a member of the Sea Sprite staff for four years. She held the position of Assistant Editor in her Junior year and will retain this position next year. Doodie is well liked and has made a great many friends while here at S.J.A., as was proven when she was unanimously elected to the esteemed office of Sodality Prefect.

Elodie, who is the daughter of Mrs. W.W. Brechtel and the late Mr. Brechtel, has been residing in Bay St. Louis for eight years. She has likewise spent eight years at St. Joseph and during this time has married many honors, among them, vice president of the class in her freshman year and treasurer in her sophomore and junior years. She has been of great assistance in this last year as Sports Editor of the Sea Sprite and because of her cooperativeness and dependability was appointed Editor for the coming year. Having all the required qualities of a child of Mary she has received the second to highest honors to be achieved at S.J.A., that of Vice Prefect.

## Kit and Kaboodle

BY KIT MICHAEL

Just in case you missed this item of recent public notice, another of our girls, nearsighted, makes good.

Yolande Bethe, Miss America for 1951, of Mobile, the another pick-up when she announced her engagement to Matthew Fox, Movie and TV executive. The news was given out of Hollywood by a spokesman for Fox. They will be married in July at the Beverly Hills home of Nat J. Blumberg, Universal International Studios board chairman and brother-in-law of Fox.

An AP release recently verified the tremendous medical science has made in kidney research.

Date lined Dallas. An artificial kidney was used in hours to help save an armistice, full from the second story of a hotel.

Raymond H. McFarland, 24, of

Carswell AF Base, Fort Worth, Tex. Founded a new product I'd like to critically hurt last Sunday when he fell pass on to you. It is really a taste believe it was an accident.

The artificial kidney machine, part of ultramodern equipment at the Southwestern Medical School of the University of Texas, was used on McFarland at Parkland Hospital. The purpose was to give his kidneys a chance to mend themselves. At present, they are not functioning.

Attendees said that although he showed some improvement afterward, his condition is still serious.

McFarland's entire blood stream about nine quarts passed through the machine eight times for purification. Kidneys remove poisons from the blood stream.

The machine acts much the same as human kidneys. Its purifying element is made up of sheets of rubber and cellophane.

This new machine will extend new horizons in the world of medicine. Years ago, Lindberg attempted to perfect such a machine. He and many others were unsuccessful. Lindberg contributed a machine to carry on the heart beat while operating. It has been used successfully many times. This new kidney machine will give hope and new life to many who previously had little or no hope for improvement.

## CONGRESSIONAL SIDELIGHTS

by CONGRESSMAN WM. M. COLUMER

## ADJOURNMENT

With the approach of warm weather, the question of adjournment of the Congress is being revived. Although there have been comparatively very few bills enacted into law and only a portion of the Administration's recommendations enacted there is evidence that the Congress will adjourn by the middle of July. In fact, Speaker Joe Martin, whose office carries with it the most prestige on the Hill, still stands by his prediction made earlier in the session that Congress would adjourn sine die on July 1.

If this prediction is to be realized, there is much grist to be ground on the other side of the Capitol, the Senate. That body with the rule of unlimited debate is traditionally behind the time clock and the speedier-moving House, where the rules on debate are very circumscribed. The House has approved most of the appropriation bills. The Senate has approved only two. There is the usual backlog of House passed legislation accumulated in that body. However, to quote Speaker Martin again, "The Senate can move mighty fast when once it decides to do so."

It is our thought that much of the legislation sponsored by the Administration will remain unpassed at this session of Congress. A good example of

you may be tempted to discard your girdle and go about your daily routine in what you consider "cool comfort." This is a grave mistake, according to posture authorities, for when you remove the accustomed support of a girdle, your figure will droop or sag in the course of your daily routine. With all the necessary bending, stretching, and lifting that housework demands, you will find that a firm light weight girdle will permit complete freedom of action, save you from work off balance, and help stave off fatigue.

Back on campus at the University of Houston looks more beautiful than ever. Visiting Houston this past week, Miss Betty Younger of the Lazy Stables of Bay St. Louis.

The Playhouse of Houston is making a big thing of their production in the "Land of the Man." Remembering the Little Theatre's interpretation of the same play last summer, this production is the round thing to look forward to.

this is the Administration sponsored revision of the Taft-Hartley law. The House deviated from its custom of acting first on this highly controversial matter. The House leadership decided earlier in the session to let the Senate take first action. Last week three Republican members of that body teamed up with a wild Democratic membership and recommended the measure to the Committee after several days of debate. It is generally understood now that the House Committee will not report a bill and that there will be no action thereon at this session.

Again the House passed an Administration sponsored measure to admit Hawaii as a state over strong Southern opposition. After debating the measure for some weeks in the Senate, that body amended the bill by tying in Alaska. The bill, therefore, came back to the House admitting both Alaska and Hawaii to statehood.

It is an open secret here that the Republicans want Hawaii admitted as a state on the theory that that Party would add two senators and one representative to Republican membership in a closely divided Party alignment.

Democrats on the other hand want Alaska for exactly the same reason. When the bill got back to the House rather than sending it to conference as is the usual custom in such matters, objection was had to sending it to conference and it was sent to the Rules Committee instead. On that Committee are a number of us who are opposed in principle to the admission of either to statehood. The dominating Republican membership on the Committee would prefer no bill than to have Alaska as well as Hawaii. It is our prediction therefore that this bill will die in the Committee this session.

In our opinion this is as it should be. Certainly it would add nothing to the solidarity of the American economy and a perpetuation of the American philosophy to bring these outlying possessions into the sisterhood of states. In the first place, the weak economy of Alaska would not sustain the expense of statehood. In the second place, we are opposed to the addition of any possession off of the American continent into statehood. Hawaii is over 2000 miles from our western coast. There are 400,000 people, mainly Oriental in ancestry, who would not add to the American philosophy. The admission of Hawaii in our opinion would be a tragedy. And the fact that Harry Bridges' Communist-dominated union has power of absolute control over the economy of the archipelago is certainly not an argument for its admission. Finally, it would set a dangerous precedent for admitting to statehood such offshore possessions as Puerto Rico and the Virgin Islands.

## WAVELAND WANDERINGS

Janice Bankston, Lionel Bourgeois  
Reign At May Festival Friday Night

BY GEORGETTE HALL

One of the most colorful events on the schedule of the Waveland School is the annual May Festival. This much anticipated event was held last Friday evening in the school auditorium and was well attended by a most appreciative audience.

Janice Bankston and Lionel Bourgeois reigned as monarchs of the evening. With Marjorie Main and H. H. H. as C. C. Bourgeois as the Duke of the Evening. All of these students were selected because of their outstanding academic averages.

Following the entrance of the dukes, the maids in evening dresses walked down the aisle of the auditorium and the applause from parents and friends. Each was beautifully gowned and carried round bouquets of spring flowers. As each maid was crowned, her duke the entire court assembled on the beautifully decorated stage to await the entrance of the queen.

Janice Bankston looked very regal in a white ball gown, long train with stand-up collar. She was crowned with a crown of white orchids and a scepter was held in her right hand.

Following the crowning of the queen, the court was entertained with songs and acrobatic dancing. Later in the evening the annual Maypole dance was colorful and enjoyable.

The final presentation was a play, "Sleeping Beauty," presented by the older students, with the younger girls playing fairies, who sang and danced.

Much credit is due the school principal, Miss Mary Perkins, and the teachers, Misses Mary Margaret and

Cecile Turcotte, and Mrs. H. M. Maza. Miss A. Mapp was pianist.

## HOME DEMONSTRATION CLUB MEETS IN BSL

The County Home Demonstration Club met at Bay St. Louis last Friday afternoon when they enjoyed a style show of station dresses. The event was held in the auditorium of Bay High School and was well attended. Songs were sung by Betty Hartfield and Grace Brumfield, residents of Waveland, and students at Bay High.

Ladies who attended were: Mrs. James Gates, Birdges, Ed. Tucker, Foster, Hayes, Gerald Tucker, K. T. Beard, Stine, W. M. B. Zeman, Travis, B. Zeman, Woods, Butz, St. Amant, Duffield, Asher, Ketchum and Barber. The ladies from Waveland who attended were: Mrs. M. C. Villier, Mrs. Gerald Tucker, Mrs. Earl Gates and Mrs. K. T. Briland.

Mrs. Joseph Worsley, the former Vespa Hartfield, and little long to Sue Ann will return to their home in San Antonio, Texas, this week after spending a most enjoyable visit with Mrs. Worsley's parents, Mr. and Mrs. W. Hartfield. Mr. Worsley is in the Air Force. He moved here to take his family back to Texas.

Dr. and Mrs. Schantz, of Atlanta, Georgia, spent several days in Waveland as guests of Mr. and Mrs. James Hartfield and family. Dr. and Mrs. Schantz have returned to Atlanta.

Mr. Ronald Russell, son of Mr. and Mrs. Adam Russell, has returned to Camp Gordon, Augusta, Georgia, after spending a two weeks furlough with his parents.

The building which is rapidly being constructed next to the Mollere Realty Company will be occupied in the near future by the Wilcox Electric Co. and the Mollere Realty Co. Mr. and Mrs. Brewster Mollere will remain located in the present building where they have a gift shop and watch repairing business.

Mr. and Mrs. Joe Colson have returned from their vacation to Miami, Fla. and Havana, Cuba. In Havana they visited the Tropicaire, the Tabu bay night club, where they enjoyed the floor show and Latin rhythms.

So many people have asked this reporter about her forthcoming novel "House on Rampart Street," that I thought I would take just a few lines here to answer their many questions.

The autograph party which was tentatively scheduled for this Thursday night, May 20, had to be cancelled, as I was informed by the publisher that the books have been slight-

ly delayed at the Bindery.

According to their last letter the books should be released about the last week of this month, and we hope to schedule the autograph party shortly after. The exact date and time will be given in The Eagle and The Echo just as soon as something definite is known.

It has been thrilling as well as gratifying to have so many people tell me that they are anxious to read my novel, and frankly, I am anxious for YOU to read it!

All of you are invited to the autograph party which will be open to the public. This will be the first time that the book will go on sale anywhere. All books there that night will be the first edition, and I'll be more than happy to autograph them. So You All Cum, won't you?

## COUNTY AGENT'S NOTES

BY HOWARD F. SIMMONS  
Hancock County Agent

## POULTRY

Poultrymen are advised to take precautions to prevent Newcastle, fowl pox or bronchitis from breaking out in laying flocks.

All flocks, large or small, should be protected against such outbreaks through vaccinations. Time for vaccinations is during the growing season and before the birds go into production.

Vaccinate for only one disease at a time. Wait three weeks after each vaccination before vaccinating for the next disease.

After vaccine has been mixed with diluent, it must be used within four hours. Destroy all unused vaccine. When vaccinating take your time. A good job is better than a fast one.

## PIGS

Pigs should be castrated and vaccinated at the right time for best results. Pigs castrated at 10 days to two weeks of age suffer little shock and heal quickly with little chance of infection. Older animals may be set back in growth as much as two weeks and are much more subject to infection.

Too often vaccination for hog cholera is considered a rainy day job. However, it is usually better to vaccinate healthy pigs about two weeks after weaning. Pigs can, if necessary, be vaccinated two weeks before weaning. Just be sure to vaccinate on time so that pigs can produce satisfactory cholera immunity.

## SEED CERTIFICATION

Deadline dates for filing sugar cane, southern peas and cotton lint for certification is June 15. Cotton, rice, sorghums, soybeans, lespedeza and open pollinated corn must be filed before July 15.

Varieties eligible for certification are: Southern peas Dixielee; Open pollinated corn—Moby, Jellucose, Jarvis, Paymaster, Laguna, Hastings Yellow and Hastings White.

Lespedeza—Climax, Common, Series, Kuba, Kurens; Sorgho Sart, late maturity; Tracy, mid-season; Hodo, late; White African, mid-season. Soybeans—Ogden, Dorchester 31, Dorchester 67, Roanoke, Durman and Jackson.

Sugar cane 36-111. Cotton—Delta-pine 15, D&P Fox, Sonnetville 3-B, Delfos 9169, Bobshaw 1-A, Empire, Coker Wilt, Coker Staple and Coker Wilds. Rice—Century Patna, Zenith, Bluebonnet 50 and Bluebonnet.

## SCREW-WORMS

Don't let screwworms take part of your livestock profits. These worms feed on live flesh after entering a wound. They prevent the wound from healing. If not found and treated for these worms, the animals usually die.

Use precautions when castrating, dehorning and branding during the fly season. Treat all fresh and infested wounds with either Smear EQ 335, or U.S. Smear 62. The EQ 335 kills both the screwworms maggot and the suit fly.

For more information about controlling the screwworms and other livestock parasites, see your County Agent and get a free copy of Extension Publication 214, "Control Cattle Pests."

There are enormous reserves of gas in the earth here in the Gulf South. But more than that... the gas industry's continuing program of exploring for new reserves assures us plenty of gas for the future.

Exploration costs big money, and involves great financial risks. But the natural gas industry will take the risks — and will discover more and more gas for you — so long as it is permitted to earn a fair profit on the gas it finds.

### 'Hondo' at A & G

Sun, Mon, May 23-24

With John Wayne starring in the title role, "Hondo," Warner Bros. picture will serve to introduce Broadway actress Geraldine Page, who will play Sunday and Monday, May 23-24 at the A & G Theatre.

Produced by Wayne-Fellows in Warner's color, "Hondo," adapted from a novel by Louis L'Amour, is the story of a man who kills an outlaw and must travel to tell the man's story.

Lucille Ball and Desi Arnaz, whose comedy adventures in the "I Love Lucy" series have made them the most popular and endearing couple in show business, now join forces on the screen in MGM's uproarious Anco-Color picture, "The Long, Long Trailer."

Arnaz and Miss Ball again are seen as husband and wife, this time as Nick and Lucy Collins, newlyweds who embark on a cross-country honeymoon in a trailer. Their adventures, comic mishaps and complex crises, as they start out from California to Nick's engineering job in Colorado, are punctuated and punctured with one calamity following situation after the other in their valiant attempts to set up housekeeping in their dawning but dangerous mobile mansion.

Lucille Ball as the well-mannered, loving but blundering wife, and Desi Arnaz as the perplexed, harassed but equally devoted husband, have become the nation's idea of the typical young married couple, and they are completely capturing the imaginations of millions of Americans.

Marjorie Main adds to their laugh complications as Mrs. Hittaway, the amiable busybody who spoils their wedding night, and a helpful cast also includes Keenan Wynn as an irate traffic officer, Gladys Hurlbut as Lucy's mother, Marge Blake as Aunt Anastasia and Bert Freed as an inquisitive trailer show foreman.

Miss Page is a product of Chicago drama schools and the New York theatres. Roundly applauded for her performance in the Broadway hit, "Midsummer," Miss Page was tested and signed to appear in "Hondo" by producer Robert Fellows on the recommendation of John Wayne.

The story is a strong yarn about a grim man who must fight in a gun battle not of his choosing. When he kills the outlaw, he takes off through desert and mountain wilderness to reach the man's wife who had been deserted in hostile Apache territory. How he finds her, falls in love, and then must tell her of his deed is the line of the powerful story.

### 'Long, Long Trailer' to Play at Star Theatre

Lucille Ball and Desi Arnaz, whose comedy adventures in the "I Love Lucy" series have made them the most popular and endearing couple in show business, now join forces on the screen in MGM's uproarious Anco-Color picture, "The Long, Long Trailer."

Arnaz and Miss Ball again are seen as husband and wife, this time as Nick and Lucy Collins, newlyweds who embark on a cross-country honeymoon in a trailer. Their adventures, comic mishaps and complex crises, as they start out from California to Nick's engineering job in Colorado, are punctuated and punctured with one calamity following situation after the other in their valiant attempts to set up housekeeping in their dawning but dangerous mobile mansion.

Lucille Ball as the well-mannered, loving but blundering wife, and Desi Arnaz as the perplexed, harassed but equally devoted husband, have become the nation's idea of the typical young married couple, and they are completely capturing the imaginations of millions of Americans.

Marjorie Main adds to their laugh complications as Mrs. Hittaway, the amiable busybody who spoils their wedding night, and a helpful cast also includes Keenan Wynn as an irate traffic officer, Gladys Hurlbut as Lucy's mother, Marge Blake as Aunt Anastasia and Bert Freed as an inquisitive trailer show foreman.

The climax of a year's hard work gave way to an evening of pleasure when the members of the Sea Sprite staff were entertained at a tea on Thursday, May 6, at 4 p.m. in the S.J.A. dining room.

In the middle of the big table where the girls enjoyed the foods prepared for them was a blue centerpiece depicting an ocean scene with tiny glistening fish here and there among the waves. A "sprite" coming up out of the water held in her hands a scroll with "Welcome" inscribed on it. Miniature sea-shells of various shapes and sizes served as place cards.

The refreshments were many and varied, consisting of chicken salad sandwiches, potato chips, rice crackers with cheese spread, olives, pickles, and other appetizers, and for dessert, ice cream and cake.

Immediately following the luncheon, awards were presented to the Senior members of the staff who did outstanding work and the new staff was named.

In order to receive awards from the Quill and Scroll Society, these requirements are necessary: the candidate must be of at least junior standing; they must be in the upper third of their class; and they must have done superior work in some phase of journalistic or literary endeavor. Those who qualified were: Ann Hubbard, Editor, and Mary Rose LaBuzza, Assistant Editor. Ineligible for Quill and Scroll, the following received Journalism pins: Barbara Flink, Sports Editor; Gayle Drury, Feature Editor; Marianne Blanchard and Patsy Farris, Staff Assistants.

The new staff then was announced by Sister Eugene, Adviser.

Right: L. to r. Representative Cate, J. M. Phillips, Post Commander E. T. Bruch, and H. H. Landrum, look on as Lorman Merchant Helman Cohn places first long distance call.

LORMAN—The people of one of the state's oldest settled areas were presented with a new convenience on Thursday, when the modern rural dial switching unit just installed here by the Southern Bell Telephone and Telegraph Company was placed in service with ceremonies in which leading citizens of the State, county and community took part.

According to J. M. Phillips, of Southern Bell one of three representatives of the company taking part in the dedication ceremonies, the modern rural dial switching unit here is the 22nd to be placed in the service of rural Mississippi since December, 1949. The unit is located in a building constructed for it on Highway 61 opposite the depot.

Several hundred people attended the dedication ceremonies, which were sponsored by the Beard-Holladay Post No. 149 of the American Legion, E. T. Bruch, Post Commander, delivered the welcome address, which was acknowledged by Edwin D. Davis, of Port Gibson, Vice President of the Claiborne County

Chamber of Commerce.

Principal speaker was Will Watkins, Jr., Tyertown attorney who presented his father, Will Watkins, Sr., as a member of the Mississippi Bar. The senior Watkins, who was born and reared in the Lorman Community, was designated as the "Markings" and McDonalds, who migrated to the area from South Carolina in 1800, purchased their lands with script received for service with Francis Marion in the Revolution.

Hon. Paul C. Cate, of Union Church, Representative in the State Legislature, acted as Master of Ceremonies. The invocation was given by the Reverend Carl J. Cate, Pastor of the Lorman Methodist Church, and the Reverend Father A. E. Goode, Rector of St. Joseph's Catholic Church in Port Gibson, pronounced the Benediction.

Jefferson County Supervisor Holloway Huff and Farar M. Truly, of Fayette, Assistant Cashier of the Jefferson County Bank, addressed the group while E. A. McCann, of Lorman, represented the Southwest Mississippi Electric Power Association, which by means of a joint-use rental agreement permitted Southern Bell facilities to be placed on many poles carrying power lines.

In addition to Mr. Phillips, the company's Mississippi Manager, Southern Bell was represented at the ceremonies by E. K. Lumpkin, Jackson, District Manager, and H. H. Landrum, Group Manager, of Vicksburg, and others.

Miss Theresa Cohn, a descendant of another of Lorman's early settlers, was given the honor of throwing the switch signalling the start of service over the new facility, while the honor of making the first long-distance call went to her nephew, Lorman merchant and Legionnaire Helman Cohn.

Following the ceremonies, which included music by the Port Gibson High School Band, a delicious barbeque luncheon was served by Legionnaires and their ladies.

A tape recording of the program was broadcast later over the facilities of radio station WQBC, Vicksburg.
